Trailblazers,

You may recall from my message earlier this month that MCLA has developed the Trailblazer Agreement as part of our commitment to the health and safety of the entire community.

As a member of the MCLA community, you are expected to take active steps to ensure your continued health and safety and to protect the health and safety of every member of our campus and local community in the midst of this global pandemic. We have relied upon guidance and protocols established by the Centers for Disease Control and Prevention (CDC), as well as local, state, and federal health and medical professionals to inform our plans for returning to campus.

Your success is dependent on staying healthy and agreeing to abide by shared behavioral changes and established safety guidelines to protect yourself, protect those around you, and protect the larger community from illness.

To that end all students are expected to read, agree to, and sign the [TrailBlazer Agreement](#) prior to arriving on campus.

Thank you, and please reach out if you have any questions.

Cathy
